Fitness, Gym & Healthy Routines

Vocabulary, useful phrases, grammar, writing and conversation practice

Level A2-B1 · 45-60 min · Lesson 11

LESSON GOAL

By the end of this lesson, you should be able to describe your exercise routine, talk about frequency and training goals, understand common gym vocabulary, and discuss simple workout preferences safely and clearly.

Learn the training vocabulary, then practise frequency expressions and routine questions. Finish with the Conversation Lab by describing your current routine and planning a realistic week of exercise.

Communication goal

When talking about exercise, describe what you actually do, how often you do it, and how difficult it feels. This is clearer than using only general words such as “I train a lot.”

Warm-up

1. What kinds of exercise do you enjoy?
2. How many days per week do you usually exercise?
3. Do you prefer training alone or with other people?
4. What is one fitness goal you would like to achieve?

Before you continue

Answer the four questions in English using short sentences. Do not worry about mistakes yet. The goal is to activate the topic before studying the new language.

VOCABULARY 01

Study the meaning and then read each example aloud. Try to connect each word to a real situation from your own life.

Study tip

USEFUL PHRASES

What to say in real situations

These phrases are designed to be spoken. Read them aloud and imagine the exact situation where you would use each one.

	Let us do a lighter session today.	Suggest lower intensity.

Make it yours

Choose three phrases from this page and rewrite them with details from your own life. Personal examples are easier to remember and use naturally.

GRAMMAR FOCUS

Adverbs and expressions of frequency

Frequency words tell how often you do something. Adverbs such as “usually” come before the main verb, while expressions such as “three times a week” often come at the end.

PATTERN	EXAMPLE	USE
always	I always warm up first.	100% / very frequent
usually	I usually train after work.	most of the time
sometimes	I sometimes do cardio outside.	occasionally
rarely	I rarely train late at night.	not often
times a week	I lift weights three times a week.	specific frequency

Routine formula

ACTIVITY + FREQUENCY + TIME / PURPOSE. “I lift weights three times a week in the evening because I want to get stronger.”

Mini practice

Put in order: usually / I / train / after work.

Complete: I go running twice _____ week.

Write one sentence with “sometimes”.

Describe one exercise using activity + frequency + goal.

MODEL DIALOGUE

Talking about a weekly routine

The speakers describe frequency, preferences, and goals instead of only listing exercises.

SAM Do you work out regularly?

JORDAN Yes, usually four times a week. I do strength training three days and cardio once.

SAM What are you training for?

JORDAN Nothing specific. I mostly want to get stronger and improve my endurance.

SAM Do you follow the same routine every week?

JORDAN More or less. I usually train upper body on Monday, legs on Wednesday, and full body on Friday.

SAM What about cardio?

JORDAN I usually run or use the bike on Saturday.

SAM Do you ever take two rest days in a row?

JORDAN Yes, especially if I feel very tired. I would rather recover properly than have a bad workout.

SAM That makes sense. Do you stretch too?

JORDAN I do a short warm-up before training and stretch a little afterward.

A useful distinction

“Workout” is a noun: “I had a workout.” “Work out” is a verb: “I work out three times a week.”

WRITING PRACTICE 01

Build useful sentences

Translate the sentences into English using the vocabulary and structures from this lesson. More than one answer may be correct.

1. Eu treino quatro vezes por semana.
2. Eu geralmente treino depois do trabalho.
3. Hoje é meu dia de descanso.
4. Eu faço musculação três vezes por semana.
5. Eu corro de vez em quando.
6. Quantas séries ainda faltam para você?
7. Você está usando esta máquina?
8. Você pode me mostrar como isso funciona?
9. Eu preciso diminuir a carga.
10. Estou tentando manter um ritmo constante.
11. Meu principal objetivo é melhorar a resistência.
12. Amanhã vou fazer um treino mais leve.

WRITING PRACTICE 02

Describe your weekly exercise routine

A useful routine description combines what you do, frequency, timing, and the reason behind your choices.

Task: Write 90-120 words about a real or imaginary weekly exercise routine. Include at least three activities, frequency, one rest day, your preferred training time, and one fitness goal.

Try to include some of these:

- I usually...
- ...times a week
- On Mondays...
- My rest day is...
- I prefer training...
- My main goal is...
- Sometimes I...
- I am trying to...

Simple structure

WEEKLY SCHEDULE -> FREQUENCY -> PREFERENCES -> GOAL. You do not need technical exercise details; focus on clear everyday English.

Self-check before you finish

- ☐ Did I use at least three frequency expressions?
- ☐ Did I mention a rest day?
- ☐ Did I explain my main goal?
- ☐ Could I describe the routine aloud without reading?

CONVERSATION PRACTICE

Role-plays for the AI coach

Open the Conversation Lab and complete each situation before asking the AI to correct you. Try to stay in English even when you need time to think.

Role-play 1 · Gym introduction

The AI is a gym employee showing you the facility. Ask about machines, free weights, cardio equipment, locker rooms, and opening hours.

Role-play 2 · Training partner

Compare your weekly routines, favorite exercises, preferred training times, and fitness goals. Find one workout you could do together.

Role-play 3 · Plan the week

Tell the AI your available days and create a simple weekly schedule with strength training, cardio, and rest days. Explain why the schedule works for you.

Questions to practise

- How often do you work out?
- What kind of training do you do?
- When do you usually train?
- What is your main fitness goal?
- Do you prefer cardio or strength training?
- How many sets do you have left?
- Are you using this machine?
- When is your rest day?
